Laser Relapse Prevention Therapy!

Stay on track and ensure your ongoing well-being and freedom from addiction with **ALTC's... Laser Booster/Support Therapy...** We all know modern life can and does challenge us at times! Things happen, sometimes without warning causing us discomfort, concern and stress! We can find our anxiety levels rising, our self control slipping and our comfort levels and coping strategies eroding away. We don't wish to relapse into addiction, so what can we do?

Advanced Laser Therapy Clinics'... **Laser Booster/Support Therapy** is a single **1 Hour Laser Treatment** to relieve stress, anxiety and help you stay in control!

ALTC's **Laser Booster/Support** helps us cope with physical, psychological and emotional challenges with comfort and confidence. Laser alleviates feelings of stress, anxiety and the sense of being overwhelmed, provides support to the central and peripheral nervous systems helping to maintain comfort levels and self control.

Advanced Laser Therapy Treatments utilize the latest laser technologies to provide the safest, easiest and most effective stress relieving programmes. A single **1 Hour Laser Treatment** is all that is required to calm stress and anxiety levels today.

Low Level Laser Therapy (LLLT) is a calming experience which stimulates the brain's release of endogenous neuro-chemicals, our naturally occurring opioids (**our feel good chemicals or endorphins**) which provide the brain with pleasure and comfort. The effect is immediate and provides the brain with the opportunity to stabilize and restart the natural, normal release of endorphins in an easy and consistent manner. The calming effects of laser help to lift energy levels and enhance our physical, psychological and emotional well-being now and into the future.

One Hour Laser Therapy Treatments provide fast, effective and relaxing opportunities to help us stay on track and provide the vital support necessary for optimal ongoing physical, psychological and emotional well-being. One Hour Laser Treatments at 8-12 week intervals (or as preferred) calm, relax & support the central & peripheral nervous systems to alleviate negative/harmful effects of stress & other concerns of modern life.

Treatment Cost is \$495 including GST.

A deposit of **\$200** is required when confirming your booking leaving a balance of **\$295**. We accept Cash, Visa, MasterCard, Eftpos & **BarterCard**. Our Cairns Clinic is located at **537 Mulgrave Road, Earlville Cairns, FNQLD (Next door to RACQ & NAB)**
